

ERH36 (indoor)

- Emergency lighting Remote Head PAR 36 with 9 W lamp.
- Polycarbonate housing, polycarbonate lens, vacuum metalized reflector.
- Mounting Plate included.
- Convertible to 2 heads per mounting plate.

Catalog Number	Description	Color	Lamp Type	Lamp Volts	Lamp Watts	Number of Heads
ERH36-69	Indoor Remote Head	White	T-5 Incan.	6	9	1
ERH36-129	Indoor Remote Head	White	T-5 Incan.	12	9	1

ERHW36 (outdoor with sealbeam lamps)

- Die cast aluminum mounting plate with gasket. Grey painted to match housing.
- Wire entry into swivel is silicon sealed (not visible in picture).
- O-ring gasket seals swivel to mounting plate.
- Fully adjustable head in both horizontal and vertical directions.
- Molded rubber gasket (not visible in picture) provides a positive seal against moisture. The use of a removable gasket allows a weatherproof seal to be maintained when lamps are replaced (unlike remote heads that use silicon sealant).
- Sealbeam PAR 36 lamps for superior optical performance. Available in 6 V and 12V versions. Available in 8 W and 12 W versions.
- Retaining ring keeps the lamp and gasket locked into the housing and provides a finished look.
